

Survey Result for Boot Camp: Linear Algebra

1. How do you generally evaluate the Boot Camp?

1(helpless)	2	3	4	5(helpful)

Result: 4.56

2. How do you generally evaluate the course difficulty of Boot Camp?

1(easy)	2	3	4	5(hard)

Result: 4

3. How do you generally evaluate the Linear Algebra Course?

1(helpless)	2	3	4	5(helpful)

Result: 4.67

4. How do you generally evaluate the course difficulty of the Linear Algebra Course?

1(easy)	2	3	4	5(hard)

Result: 3.67

5. How do you think about the amount of the exercises of the Linear Algebra Course?

1(light)	2	3	4	5(heavy)

Result: 3.44

6. How do you think about the difficulty of the exercises of the Linear Algebra Course?

1(easy)	2	3	4	5(hard)

Result: 3.56

7. How do you generally evaluate the instructor of the Linear Algebra Course?

1(poor)	2	3	4	5(awesome)

Result: 4.67

8. Evaluate the difficulty of each chapter of the Linear Algebra

Chapters	1(easy)	2	3	4	5(hard)	Score
Vector Space						2.33
Matrices and Matrices Algebra						2.44
Projections and Least Square Estimation						3
Differentiation						2.78
Matrix Decomposition						3.33
Random Variables						2.78
Normal Theory and F-test						2.89

Note: 1 means easy; 5 means hard.

9. What other materials which you hope to know have not been covered in this course?

Teach R.
